

NCLGISA Business Partners

**Announcing the NCLGISA Spring 2018 Symposium – May 21st, 22nd, 23rd, 24th
Wilmington North Carolina Convention Center
Wilmington, NC
(910) 251-5101 BusinessMadeCasual.com**

Registration Will Open on 02-12-2019 at 10:00AM

Hello ,

The North Carolina Local Government Information Systems Association is preparing to open registration for the NCLGISA Spring 2019 Symposium that will take place this May 21st, 22nd, 23rd, and 24th. The Symposium will be at the **Wilmington North Carolina Convention Center in Wilmington, NC**. Our members look forward to meeting with you to discuss new technology, share ideas, make new friends, and build upon existing friendships. **Tuesday morning, February 12th, 2019** is the day we will send out the registration notice and registration link for this event. **The registration link will be live at 10:00AM**. Remember, when you begin your registration, you do not have to make payment at time of registration, nor register guests at this time. At a later time you can edit you registration with your attendees and then make payment by April 9, 2019 to retain your booth. All registrations must be made online using the link that will be sent Tuesday morning February 12th or use the registration link on the NCLGISA Business Partner web page - <http://www.nclgisa.org/conferences/bps/>. Use this same link to view the Exhibit Hall layout, Booth cost, Business Partner Contract and the Business Partner Kit.

Our success as an organization is owed in a big way to the support we get from your participation. Having you at this event provides your professional expertise in environments that our membership work in every day. Without your involvement and sharing of information, ideas, and solutions, our daily responsibilities would be more difficult.

We will be offering 8 Business Partner speaking sessions (to registered Platinum Business Partners) as tracks on Thursday morning. There will be 4/4 concurrent Business Partner sessions at 2 different hours, 8:15 AM and 9:15 AM, where you will be able to present your informative topic. There will be no other NCLGISA sessions scheduled during these two hours so you will have the ability to pull from the full, attending membership. These sessions will be conducted in one of five of the Convention Center meeting rooms. So pick a single session time and a good topic to draw as many members as possible to your session. These sessions will be on sale at time of registration and initially offered to Platinum Business Partners. You do not have to

purchase a session at initial registration, but you are encouraged to reserve your session as soon as possible thereafter for they sell out quickly. The Symposium theme is “Cyber Security”.

The Exhibit Hall layout will be the same as last year. The flow of the membership through the Exhibit Hall should maximize the opportunities you will have to meet and speak with them. As usual, we will provide food, drink and entertainment for you to enjoy. We are expecting over 300 IT NCLGISA members at the NCLGISA Spring 2019 Symposium. We will have a great night of entertainment and food lined up for Thursday night, so plan to stay and enjoy the festivities.

You will have an opportunity on Tuesday May 21st to test your golfing skills at one of the local Golf Courses in Wilmington. You will be able to sign up for this event at a later date on the NCLGISA web site. Even if you cannot make the Symposium, bring your golfers and come play golf with members of NCLGISA. Register and join us in a fun day as you show off your golfing skills. You will have the opportunity to team up with NCLGISA members or put together your own team. You don't have to be a pro golfer to play and have fun. So we look forward to teaming up with you for food, fun, and prizes.

Please visit the NCLGISA web site <http://www.nclgisa.org/conferences/bps/> for the Business Partner Contract, the Exhibit Hall Booth Layout, and other pertinent documents.

If you have any questions, please let us know. We look forward to seeing you in Wilmington.
